CLEANING PRODUCTS

## **CHI SIAMO**

---

VIVIAN GROUP e' stata fondata nel 1963 ed attualmente e' una delle aziende leader nella manifattura di scope, spazzole e articoli casalinghi in plastica in Italia.

Una delle prerogative della VIVIAN GROUP e' stata quella di tenersi al passo con i tempi ed aggiornarsi continuamente in tutto quello che e' stato lo sviluppo tecnologico nel settore della pulizia della casa.

Per questa ragione le macchine insetolatrici, completamente automatiche, come le presse da stampaggio plastica in bi-materiale, sono all'avanguardia a livello mondiale garantendo alte capacita' produttive.

Durante il corso degli anni VIVIAN GROUP si è dedicata con devozione alla clientela nazionale ed internazionale, provvedendo ad aggiornarsi continuamente con nuovi prodotti, nuovi disegni ed alta qualita' di produzione, offrendo particolare attenzione a tutte quelle che sono le esigenze della clientela con un servizio di ottima qualita'.

L'intento della VIVIAN GROUP e' quello di espandere il proprio business nel mondo con qualita' e servizio.

## **ABOUT US**

---

VIVIAN GROUP, founded in 1963, is one of the most important brooms, brushes and plastic household products manufacturer in Italy.

Our initiative is being acquainted and apply all the technological developments in our industry.

Therefore, our fiber instolation automatic machines with the bicomponent injection machines are the most advanced ones, with a very large capacity of production.

During many years VIVIAN GROUP is a devoted supplier of the Italian market and also to exports to worldwide clients.

We provide to our expanding number of customers modern designed high quality products.

All with an attention on a personal service for each.

VIVIAN GROUP strategy is expanding business worldwide by the quality and service.

## THE FUTURE SILICONE BROOM

Patent pending product by innovative liquid silicone injection technology.

The silicon broom is another unique product by VIVIAN Italy which expands the limits of household cleaning.

- **Perfect sweeping:** easier and efficient cleaning.
- **Electrostatic sweeping:** Catches dust particles, hair and dirt using static electricity.
- **Hygienic:** due to silicone low surface energy, dirt accumulated during use can be easily washed off with tap water.
- **Strong and durable:** the elastic bristles don't wear out, collapse, deform or warp during use and in storage.
- Durable at high temperatures of up to 520°F/260°C.
- Can be cleaned and revitalized with boiling water or sterilized in an Auto.
- **Clave using steam:** silicone belt protection bumper or broom contour prevents harms to furniture.
- Suitable for use in private, household, hospitals, clinics, senior citizen homes, public instructions etc.
- Sweeps fine marble, granite, parquet, floors and especially CARPETS.
- **New technology:** liquid silicone injection on rigid metal chassis, strong, one piece product.
